

Vince Kristosik

Time in SNOA

- Proud Member of SNOA since 1992
- 14 Years - Board of Control Member
- 10 Years - SNOA President

I currently officiate basketball and football, and umpire baseball and softball. I was first elected to the Board of Control in 2004 as your Board Member at Large. In 2008, I was elected as your President and have taken great pride in serving all of you in this position for the last 10 years.

Things I'm Proud of the last two years

- In the summer of 2017, I was reappointed by the leadership of associations statewide to serve another 2-year term as the NIAA Board of Control Officials Liaison. I have served in this position since 2013. In this position, I am able to address pertinent issues and needs affecting officials statewide with the NIAA Board of Control.
- I was appointed to serve on the NIAA Sportsmanship Committee this past April, a Committee which is being chaired by SNOA Member, Dale Norton. The Sportsmanship Committee has been working together with the goal of improving all aspects of sportsmanship in high school athletics in Nevada.
- The Board of Control developed our very own SNOA Facebook page. With your input for the page, we are able promote SNOA and share information with our membership and prospective members.
- The Board of Control has represented SNOA at the past three NFHS Summer Meetings, and I have represented our Association at every NASO Summit since 2009. Both summer conferences bring together leadership from around the country and ideas are shared on all aspects of high school athletics and officiating through many various workshops. We have watched and learned from what other states and associations are doing.

- SNOA has partnered with UNLV in bringing back their credited sports officiating course. I have been co-instructing this class with our Commissioner of Officials, Marc Ratner. With this class we are providing instruction on many different aspects of officiating to college students, in hopes of them joining SNOA at the completion of the class.
- The Board of Control has been a sponsor of the past three Martin Luther King Jr. Parades, held in downtown Las Vegas. Many of our members have donated their time serving as parade marshals for this great community event.
- The Board of Control has continued with the senior scholarship program for our high school students in which we give \$4000.00 annually back to graduating students. The Board of Control supports different causes within SNOA as well as our local community, and we will continue exploring different avenues in which we can financially give back to our membership when opportunities arise.

In Closing

I enjoy working with our SNOA leadership, which includes the Board of Control, Marc Ratner, our individual sport board members, our assignors and trainers, our crew chiefs, and all of our committee members within SNOA. This leadership dedicates countless hours of their time for the betterment of the Association.

It has been a pleasure serving alongside Board of Control Members, Tony Thomas, Jerry Huston, Debby Philleo, Mike Seifer, Sheila Seifer and Cynthia Myles. Our Board has a lot of experience that's working hard for our membership. I have a passion for what I do, and each member of the Board of Control shares that same passion.

I have learned much, made mistakes, and tried to learn from those mistakes and get better. I understand the responsibility of this position and what must be done for our Association to keep progressing. I have the time commitment that this position requires. I have worked hard to develop new and build upon existing relationships with the NFHS, NIAA, school districts & schools, and the leagues & tournaments that we provide a service for. I truly appreciate the support you have given me these last 10 years and I would be humbled to continue serving all of you as the President of SNOA.

We are all in this together!

Sincerely,

Vince Kristosik
